W. B. EVERETT.

W. S. SOULE.

IN THREE PARTS.

Part First.	Part Second.	Part Third.
Reproductions of Original Paintings, Frescoes, and Designs by the Old Masters	Sculptures, Architectural Subjects, and Miscellaneous Views.	Reproductions of Engravings, Drawings, Etchings, and Modern Paintings.

A second Supplement will probably be issued in 1893.

PRICE, 5 CENTS.

Some Noted Sculptures and their Homes.

The great success of our last art-book, "Some Famous Paintings and their Homes," has led us to publish a companion book on Sculpture.

This work, also a compilation, is most attractive. Only the great and leading sculptures are treated; but the quotations regarding them are most carefully selected, and full of information and interest. The descriptions include, in many cases, the myths or stories connected with the figures represented, thus combining pleasant reading with rare instruction.

Blank leaves are left for the insertion of photographs, as in the previous work. These photographs may be purchased with the book, or added, a few at a time, at the option of the purchaser.

Beautifully bound in peacock-blue and silver cloth.

In Two Volumes. Price, \$1.50 per Volume.

COMPILED BY MARY GRAHAM DUFF.

For List of Photographs needed to illustrate this Work, see pp. 95, 96

Price of the two volumes, complete, with Photographs mounted in, \$16.00.

Illustrated Catalogue.

We have issued an Illustrated Catalogue of all the subjects found in Part Third of our 1887 Catalogue and 1890 Supplement. This Catalogue contains minute photographic illustrations of some 2,500 subjects, and will be sent to patrons desiring to make selections from modern pictures, on receipt of a deposit covering the cost. On the return of the Catalogue the full amount will be returned or credited on account, at the option of the purchaser. (*Figure studies omitted.*)

Price of Illustrated Catalogue, \$5.00.

NOTE.

The mistake being frequently made, of persons ordering prints from PART FIRST, when they would be more pleased with those from PART THIRD, the publishers beg to state that those from PART FIRST are from Old Paintings, Frescoes, etc., which in many cases are badly damaged by age, or otherwise, all of which imperfections show in the photograph: whereas those from PART THIRD are mostly from Engravings or fresh Modern Paintings, and consequently have a more finished look, and will be much more satisfactory, EXCEPT WHEN PHOTOGRAPHS OF THE ORIGINALS ARE ESPECIALLY DESIRED.

Directions for Inserting Scraps in Albums.

Applicable to Nos. 0 to 14.

The best method of mounting PHOTOGRAPHS in scrap-albums is to paste the edge *nearest the binding or back part of the book* (using *very thick boiled flour-paste*) so that the print may turn with the leaves. This is easily done by laying the print on its face, and covering it with a sheet of thick paper, leaving about one-sixteenth of an inch uncovered, upon which the paste is spread with the finger. The print is then assigned its proper place in the book, indicated by pencil-dots, and pressed down with thin blotting-paper. If pasted across the leaf, or on the four corners, the photograph will wrinkle in turning the leaves. It is best to employ *very thick paste*, as this dries quickly, adheres firmly, and is less liable to cockle than if it were thin and watery.

As unmounted photographs have a tendency to curl up towards the picture side, they should be rolled so as to curl outward before being inserted in the album. This is done by gently drawing them across a tolerably sharp edge, such as the edge of a drawer, one hand pressing lightly on the photograph, until they are bent in the opposite direction.

It is advisable to cover *only one side of the leaf*, as this will keep the photograph from injury.
